

Agency with Choice Service List

Service Name	Service Description
Homemaker/Chore	<p>This service can only be provided when a household member is temporarily absent or unable to manage the home, or when no landlord or provider agency staff is responsible to perform the homemaker activities. Homemaker Services consist of services needed to maintain the home in a clean, sanitary, and safe condition which may include cleaning and laundry, meal preparation, and other general household care. This service can only be provided in the following situations:</p> <ul style="list-style-type: none"> • Neither the participant, nor anyone else in the household, is capable of performing and financially providing for the function; and • No other relative, caregiver, landlord, community/volunteer agency, or third party payer is capable of or responsible for the provision. <p>Chore services consist of heavy household activities such as washing floors, windows, and walls; tacking down loose rugs and tiles; moving heavy items of furniture in order to provide safe access and egress; ice, snow, and/or leaf removal; and yard maintenance.</p>
Supports Broker	<p>This service is designed to assist participants or their designated surrogate with employer-related functions in order to be successful in self-directing some or all of the participants needed services.</p>
Companion	<p>This service is provided to participants living in private homes for the limited purposes of providing supervision and assistance that is focused solely on the health and safety of the adult participant. This service can be used for asleep hours when only supervision or non-medical or non-habilitative care is needed to protect the safety of the participant. For example, a companion can be used during overnight hours for a participant who lives on their own but does not have the ability to safely evacuate in the event of an emergency. Companions may supervise and provide assistance in carrying out the functions of daily living, including grooming, health care, household care, meal preparation and planning, and socialization. This service can also be used to accompany participants to the community to ensure the participant's health and safety.</p>
Supported Employment	<p>This service is provided in a variety of community settings for the purposes of supporting participants in obtaining and sustaining competitive, integrated employment. Supported Employment services include activities such as training and additional supports including worksite orientation, job aide development, coordination of accommodations and ensuring assistive technology that may be needed by the participant in order to obtain and sustain competitive integrated employment is utilized as specified in the plan.</p>
Home & Community Habilitation	<p>This is a direct service (face-to-face) service provided in home and community settings to assist participants in acquiring, maintaining and improving the skills necessary to live and participate fully in community life. Services consist of assistance, support and guidance (physical assistance, instruction, prompting, modeling, and reinforcement) in the general areas of self-care, health maintenance, decision making, home management,</p>

	managing personal resources, communication, mobility and transportation, relationship development and socialization, personal adjustment, participating in community functions and activities and use of community resources.
In-home Respite 15 minute	Respite services are direct services that are provided to supervise and support participants living in private homes on a short-term basis due to the absence or need for relief of those persons normally providing care.
